## **Sno-Pro™ Fast-Cast 550E** **Part# 1CS6E**

- High-efficiency sealed electric motor draws less than 20 amps during use
- Significant noise reduction vs. gas spreaders
- 1/3yd (250lb) capacity
- Adjustable material deflectors protect property
- 4ft - 24ft adjustable spreading width uses material efficiently
- In-cab variable speed controller
- Commercial-grade Aluminum hopper and Stainless Steel chassis and steel-reinforced conveyer belt
- Made In The U.S.A. 

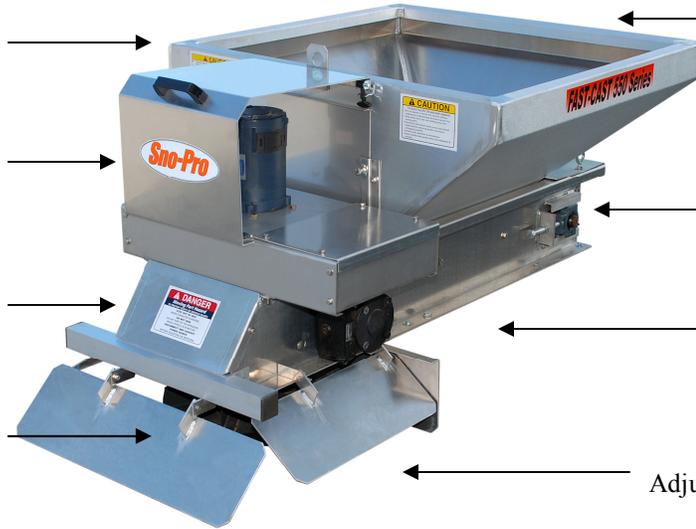

# Electric Fast-Cast 550E

Perfect Size for UTVs and Compact Pickup Trucks

High Efficiency Sealed 12V Electric Motor

Commercial Grade Transmission and Bearings

14" Steel Spinner Disc

Aluminum Hopper w/Optional Screen

Belt Over Chain Conveyor System

Stainless Steel Chassis

Adjustable Deflectors

## 1CS6E - FAST CAST 550E SPECIFICATIONS

### Dimensions

Weight (Empty)	250 lbs	*
Overall Length	58 inches	
Overall Height	26 inches	
Overall Width	40 inches	
Hopper Length	37 inches	

### Operational

Material Capacity	1/3 yard	
Material	All Free-Flowing Material and Sand	*
Spreading Width	Adjustable 4ft - 24ft	

### Construction

Engine	1/4 HP 12v Sealed Electric Motor	*
Drive System	Gear Drive	
Hopper Material	Aluminum	*
Amp Draw	<20 Amps Under Load	*
Delivery System	Belt Over Chain System	*
Speed Control	Variable Speed	
Spinner	14" Steel Disc	
Mounting	Bed Mount	
Flow Gate	Manual	

### Standard Equipment

Straps	Nylon Ratchet
Controller	Variable Speed, On/Off
Warranty	1 year Construction

### Optional Equipment

Top Screen	Steel Rod, Grid Pattern (#1CS6-SCR)
Weather Cover	Fitted Tarp (#1WC2)

\* = Industry Leading Feature

Honda, Gas Engine Model also available. (1CS6H)
